

WARMING WAND VIBRATOR

Both ends of the massage wand can be used and it is perfect for extensive full-body massages or for spot-on pleasure spot stimulation. There is a round vibrating massage head at one end and a vibrating warming surface at the other end. There is a motor at either end and each motor has 10 vibration modes – they can be intuitively controlled at the push of a button. The anatomically shaped toy is also waterproof. The Warming Wand Vibrator promises extremely intense and diverse pleasure during massages – whether it's being used for solo fun or with a partner!
