MyAiryClit – User Manual

Getting to know MyAiryClit

The seductively curved MyAiryClit is a dual stimulator with strong vibration at the tip of the shaft and air pressure stimulation at the clitoris. It features an angled shaft rather than a straight design which lets you get the right fit and easily achieve orgasms. It has also an air pressure mouth, arouses your clitoris, increases the blood flow and enables intense orgasms. It is very versatile, so you can stimulate the clit, G spot, prostate, anus, etc.

This waterproof massager is ready to explore your sensual spots in the shower, bathtub or wherever the fun takes you. The easy-to-operate buttons let you effortlessly cycle through all the passionate functions.

Features

- Designed for clit, G-spot and prostate stimulation
- The curved shaft moves with the body to caress internal pleasure zones
- The air pressure mouth kisses the clit perfectly
- 10 air pressure modes
- 10 powerful vibration functions
- Soft and safe to use silicone
- IPX7 waterproof
- Rechargeable, USB charging cable included

Operation

1. Charging

Please fully charge MyAiryClit for around 2 hours before the first use.

LED flashes: charging

LED lights on: fully charged

2. How to use

Turn on / off:

- To turn the unit on, please press and hold the  button for 1,5 seconds, until it will shortly vibrate. The unit is now in stand-by condition [the LED lights white]. To switch off, please repeat the same operation.

Change the vibration and air pressure pattern:

- Please shortly press the  button to cycle through the 10 vibration modes.
- Press and hold the  button for 1,5 seconds to stop the vibration motor.
- Please shortly press the  button to cycle through the 10 air pressure modes.
- Press and hold the  button for 1,5 seconds to stop the air pressure function.
